Dear Residents,

Representatives from the Federal Emergency Management Agency (FEMA) are currently in Westwood surveying areas that sustained damages from Hurricane Irene. They will be canvassing neighborhoods and going door to door to private homes and businesses with information regarding registration and filing for assistance.

All FEMA representatives will be carrying photo identification with them.

If you have property that has sustained damages due to the effects of Hurricane Irene it is important that you register with FEMA if you will be seeking assistance from them.
