Many thanks to Ray's Reproductions.*

Borough of Westwood – Garbage/Recycling Information

THE RECYCLING CENTER is located on Harrington Avenue and Sand Road and is open Wednesday's 6:30 am to 3:00 pm and Saturday from 8:00 am to 12:00 noon. The center will be closed New Year's Day, Washington's Birthday, Good Friday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veteran's Day, Thanksgiving Day, Friday after Thanksgiving, and Christmas Day. Note: Holidays falling on Saturday will be celebrated on Friday. Holidays falling on Sunday will be celebrated on Monday.

GARBAGE COLLECTION IS EVERY TUESDAY & FRIDAY YEAR ROUND, TOWN WIDE
Due to the significant cost savings, all garbage/trash will be picked up curbside. Garbage cans cannot exceed **32 GALLONS**. Plastic bags not in a container may not exceed **50 LBS**. There is a limit of **6 ITEMS** per pickup. Garbage **MUST** go out the night before the schedule pickup (no earlier). If your scheduled pickup falls on a holiday, garbage will be collected on the next scheduled date. **THERE WILL BE NO GARBAGE/RECYCLING COLLECTION ON THESE DAYS:** New Year's Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day. The carter will not return if the trash is not on the curb or put out on the wrong day. If in doubt, please call the DPW.

RECYCLING COLLECTION (EVERY WEDNESDAY)

- **Single Stream Recycling** — All recyclables (glass, plastic, aluminum, tin, paper and cardboard) can now be put in one container. There is no need to separate these items for recycling pick up.
- Please rinse your glass, plastic, aluminum and tin.
- Plastic bags **CANNOT** be recycled with regular recycling.
- Recyclables will be collected rain or shine.
- **Recyclables must be at the curb by 6:00 a.m.**
- In the event of heavy snowfall or flooding, collection may be cancelled until the next regularly scheduled pick up date.
- **DO NOT** put any recyclables in plastic bags. Newspapers may be put in paper bags.

MATERIALS NOT ACCEPTED — plastic buckets with metal handles, plastic crates, plastic laundry baskets, plastic lawn furniture, plastic pet carriers, plastic coolers, plastic shelving, plastic dish drainers, and plastic closet organizers, mirrors, window or auto glass, light bulbs, ceramics, oil or antifreeze containers, coat hangers, paint cans, tar pails, vacuum hoses, plumbing accessories, building products, dishes, cooking trays, pots, pans, toasters, paper plates, towels, soiled papers, styrofoam, non-chargeable household batteries. Recyclables must be in a reusable container such as boxes and or barrels. Garbage cans cannot exceed **32 GALLONS OR EXCEED 50 LBS**. Plastic and paper bags are not reusable containers.

METAL (White goods) — All types of metals must be recycled. Metal will be picked up by appointment. Call for an appointment — 201-664-2349.

PAINT — If paint is latex, take off cover, let dry and put out for garbage collection. If paint is enamel, it must be taken to Bergen County Hazardous Waste Collection Day. The number for the BCUA is 201-807-5825.

USED MOTOR OIL RECYCLING

Bring used oil in a sealed container to the Recycling Center. There must be nothing but used oil in the container.

ELECTRONICS MUST BE RECYCLED – They cannot be put in garbage.

To reduce the environmental impact caused by improper disposal of computers and electronics, Westwood residents are requested to drop off their computers and electronics to the recycling center. The items to be included are: computers, lap tops, monitors, keyboards, printers, fax machines, modems, speakers, TVs (not consoles), radios, telephones and VCRs.

NO TIRE RECYCLING/NO BUILDING MATERIALS

Tires are **NO LONGER BEING ACCEPTED** at the Recycling Center. Building materials are not accepted at the recycling center.

NO PROPANE TANKS

Many local propane filling stations and retailers, including home improvement centers, will accept your old propane tanks for recycling (possibly for a nominal fee) or trade-in for a new tank. Contact local filling stations or retailers to see if they participate in this program.

BATTERY RECYCLING-If it is Rechargeable, it is Recyclable

Alkaline Batteries (A, AA, AAA, C, D, 9V) now fall below Federal and State hazardous waste standards and can be disposed of in the regular trash. All rechargeable batteries are recyclable and still contain mercury. To prevent short-circuiting of non-alkaline batteries for recycling, residents must individually bag each battery or tape each of the terminal ends prior to recycling. These batteries can be brought to the DPW, Borough Hall or a battery-recycling center. Automobile batteries must not be thrown in the garbage. You may bring your used car batteries to the Recycling Center.

CHRISTMAS TREE RECYCLING

Christmas trees will be recycled Monday through Friday, beginning December 26, 2020 to January 29, 2021. Trees must be placed at the curb. After January 29, 2021, all trees must be brought to the Recycling Center.

1. Remove all garland, lights, decorations and tree stand.
2. Remove all wire used to secure tree, wreath and greens.
3. If a tree disposal bag is used, once at the curb remove bag and put in garbage.

GRASS AND YARD WASTE

Grass/yard/branches/waste collection will begin on Monday, March 16, 2020 and will continue until October 20, 2020. Zone 1 will be picked up every Monday; Zone 2 will be picked up Tuesday. Grass/yard waste must be in containers. Cardboard boxes are acceptable containers. Nothing in a plastic/paper bag will be picked up. In the event of a Monday holiday, Zone 1 collection will be the next day, Tuesday.

1. All **grass** yard waste must be in a container not larger than a **32 GALLON** can or exceed **50 LBS.** and out by 6:30 a.m.
2. **Branches:** Branches can be put out with yard waste. They are to be tied into 4-foot bundles. Limit is 6 bundles. Branches will not be collected in November or December. January through March they will be picked up by appointment.
3. As with all recyclable materials, grass and yard waste may be brought to the Recycling Center. Grass must be separated from other materials.

LOGS WILL NOT BE ACCEPTED.

Please

**DO NOT

PLEASE KEEP IN MIND REGARDING SNOW AND ICE REMOVAL

The shoveling or throwing of snow upon a public thoroughfare or street is expressly forbidden.

In the event the Borough shall incur costs for the removal of the snow from the public thoroughfare, such costs shall be charged against the owner of the real estate from which the snow was dumped or thrown upon the public thoroughfare.

Bring your clean plastic bags to the Recycling Center, Municipal Complex, Community Center or Library.

For every 500 pounds of plastic bags collected, the Borough is eligible to receive a plastic bench from the Trex Company.

To date the Borough has received five benches, and is eligible for sixth that will be ordered soon. That represents 3,000 pounds of recycled plastic bags.

Recycling your plastic bags is GREAT!

Not using them at all is even BETTER!

Use reusable bags whenever you can!

Don't let your child's addiction start with you

70% of opioid abuse starts with easy access to unused pills.

Drop off unused meds...

Unused medications that remain in your medicine cabinet are susceptible to theft and misuse. To prevent medications from getting into the wrong hands, New Jersey's Office of the Attorney General and Division of Consumer Affairs urge you to properly dispose of your expired and unwanted prescription medicine at a nearby Project Medicine Drop location.

Drop off is simple, anonymous and available 24 hours a day – 365 days a year, no questions asked. Simply bring in your prescription and over-the-counter medications and discard them in an environmentally safe manner. Always scratch out the identifying information on any medicine container you are discarding.

ProjectMedicineDrop.com

Westwood Police Department is now a permanent drop off location for all unused and unwanted prescription drugs. Liquids and syringes are not accepted.

WHAT DO I DO WITH MY UNUSED MEDICATION?

SAFE & SECURE MEDICINE DISPOSAL

Drop it off!

Unused medications that remain in your medicine cabinet are susceptible to theft and misuse. To prevent medications from getting into the wrong hands, New Jersey's Office of the Attorney General and Division of Consumer Affairs urge you to properly dispose of your expired and unwanted prescription medicine at a nearby **Project Medicine Drop** location.

DROP OFF IS SIMPLE, ANONYMOUS AND AVAILABLE 24 HOURS A DAY – 365 DAYS A YEAR, NO QUESTIONS ASKED. NEW LEAF SCHEDULE

2020 Leaf Removal — The Borough will start leaf pickup on October 25th and run through December 13th, weather permitting.

Leaves placed into the street after the final pick up will be subject to a summons. LEAVES MUST BE PLACED NEATLY at the curb in piles.

Collection Procedures and Safety Tips:

- NJDEP Stormwater Regulations prohibit placing leaves at street side one week prior to scheduled pick up.
- NJDEP Stormwater Regulations prohibit raking leaves over storm drains. Leaves must be at least 10 feet from storm drains.
- Do not place leaves in bags, garbage cans, or boxes.
- Packaged leaves will not be picked up with normal garbage or trash.
- Do not allow children to play in leaves, drivers may be unable to see them.
- For safety reasons, do not park vehicles on leaves or near fire hydrants.
- Branches cannot be mixed with leaves.

Policy & Regulations

Summonses can and will be issued to residents not complying with these regulations.

- **Yard Waste Removal** — Residents/landscapers are not permitted to put or leave debris in roadway. Except during fall leaf collection schedule.
- **Snow/Ice Removal** — The shoveling or throwing of snow upon a public thoroughfare or street is expressly forbidden. In the event the Borough shall incur costs for the removal of the snow from the public thoroughfare, such costs shall be charged against the owner of the real estate from which the snow was dumped or thrown upon the public thoroughfare.
- **Trimming of Borough Trees** — Residents are **not** permitted to cut, prune, disturb the roots, or remove any Borough tree. Requests for such work should be written and sent to the Department of Public Works. Trees located in the right of way (between the curb and the sidewalk) are town trees. The Westwood Shade Tree Ordinance (ord. sec. #8) states that no one shall prune or remove a town tree without permission. Neither the tree nor their roots can be trimmed or ground without the DPW's permission. Only 5 trees can be cut down per year on a homeowner's property. Failure to adhere to the ordinance can result in a resident being fined (ord. #14). Residents wishing to plant a tree in the right of way should call the DPW or the Shade Tree Committee for a list of the approved tree (size and species). These are the only trees permitted to be planted in this area. Shade Tree telephone number is (201) 664-7100, ext. 149.
- **Garbage and Recycling** must be put at the curb, not before 6:00 p.m. the night before pick up. Garbage cans cannot be left curbside after pick up. **When planning a move you are still limited to putting out only 6 ITEMS at a time.**

Due to stricter regulations, there is now an oversupply of recyclables at the domestic mills in the U.S.A. and Canada and not enough market demand for certain types of materials. As a result the Borough's recycling marketer **will not accept** the following:

- Plastics numbered 3, 4, 6 or 7
 - Plastic film wrapping, including garment bags
 - Styrofoam of any kind
 - Rigid plastics such as toys, crates, lawn furniture
 - Hoses
 - Pesticide containers
 - Frozen microwave trays or food platters, even if stamped 1, 2 or 5
 - Wax cardboard boxes
- **Plastic Bags** — Clean plastic bags can be brought to the Recycling Center, Municipal Complex, Community Center or Library.

ACCEPTABLE MATERIALS FOR WASTE COLLECTIONS

- Aerosol Cans
- Anti-Freeze
- Batteries (vehicle & rechargeable only)
- Blacktop sealers
- Bug spray
- Disinfectants
- Drain Cleaners
- Fertilizer
- Fire Extinguishers
- Fluorescent Light Bulbs
- Gasoline
- Glue
- Herbicides
- Insecticides
- Kerosene
- Lighter Fluid
- Mercury Switches
- Oil Filters (used)
- Paints & Varnishes - All Types
- Pesticides
- Photographic Chemicals
- Propane Gas Cylinders (1 lb. and 20 lb. only)
- Solvents & Thinners
- Thermostats
- Thermometers
- Used Motor Oil

UNACCEPTABLE MATERIALS FOR WASTE COLLECTIONS

- Empty or hardened paint cans dispose in normal trash
- Alkaline batteries (AA, AAA, C, D, 9V) dispose in normal trash
- Unlabeled waste or containers with unknown contents
- Regulated medical waste, radioactive materials, and explosives
- Containers larger than five (5) gallons
- Any compressed cylinders (e.g. oxygen or acetylene)
- Pressure-treated lumber or railroad ties
- Computers, electronics, and tires are NOT accepted at waste collections.

For a complete listing go to www.bcua.org
Materials should be in original containers and labeled.

If you need help in the disposal of unacceptable waste, please call 201-807-5825 or visit us at www.bcua.org

Stormwater Pollution

Dear Residents,

Please help keep our water free of trash, pet waste, pollutants, and yard waste.

As a friendly reminder, visit our town website to review our municipal stormwater ordinances and learn about the environmental benefits each ordinance has on the quality of our water.

Some of the requirements of the ordinances highlighted in this brochure can directly improve the quality of our lakes, rivers, and water.

I would like to thank you for assisting our town and keeping our local waterways clean for everyone's enjoyment.

Sincerely,
Mayor Ray Arroyo

Stormwater Ordinances

Pet Waste

Properly dispose of your pet's waste, to avoid pet waste from entering local waterways.

Wildlife Feeding

Don't feed the local wildlife. Feeding wildlife increases wildlife populations and increases disease transmission.

Litter Control

Don't be a litterbug. Throw trash in wastebaskets and prevent it from entering storm drain inlets.

Improper Disposal of Waste

Properly dispose of your materials and avoid dumping materials into a storm drain or outside.

Yard Waste

Keep yard waste 10 feet away from storm drains or in containers, and follow our town's collection schedule.

Private Inlet Retrofitting

Keep trash from entering private storm drain inlets. A net or screen is a great option to close off inlets.

Illicit Connections

Only stormwater in the storm drains! Please contact the town if you have a sanitary line (outdoor showers, mud room sinks, etc.) that needs to be connected to the sewer.

Common Sources of Pollution

Pet Waste

Rain washes pet waste directly into storm drains, which flows directly into our streams, lakes, rivers and the ocean.

Car Washing

Rain washes all of our soaps, detergents and waxes directly into storm drains, which flows directly into our streams, lakes, rivers and the ocean.

Motor Oil Leaks

Rain washes all of our spilled and leaking motor oil directly into storm drains, which flows directly into our streams, lakes, rivers and the ocean.

Please clean up after your pet!

Solutions to Stormwater Pollution

Easy Things You Can Do To Protect Our Water

A Guide to Healthy Habits for Cleaner Water

Pollution on streets, parking lots and lawns is washed by rain into storm drains, then directly to our drinking water supplies and the ocean and lakes our children play in. Fertilizer, oil, pesticides, detergents, pet waste, grass clippings: You name it and it ends up in our water.

Stormwater pollution is one of New Jersey's greatest threats to clean and plentiful water, and that's why we're all doing something about it.

By sharing the responsibility and making small, easy changes in our daily lives, we can keep common pollutants out of stormwater. It all adds up to cleaner water, and it saves the high cost of cleaning up once it's dirty.

As part of New Jersey's initiative to keep our water clean and plentiful and to meet federal requirements, many municipalities and other public agencies including colleges and military bases must adopt ordinances or other rules prohibiting various activities that contribute to stormwater pollution. Breaking these rules can result in fines or other penalties.

Limit Your Use of Fertilizers and Pesticides

- Do a soil test to see if you need a fertilizer.
- Do not apply fertilizers if heavy rain is predicted.
- Look into alternatives for pesticides.
- Maintain a small lawn and keep the rest of your property or yard in a natural state with trees and other native vegetation that requires little or no fertilizer.
- If you use fertilizers and pesticides, follow the instructions on the label on how to correctly apply it.
- Make sure you properly store or discard any unused portions.

Properly Use and Dispose of Hazardous Products

- Hazardous products include some household or commercial cleaning products, lawn and garden care products, motor oil, antifreeze, and paints.
- Do not pour any hazardous products down a storm drain because storm drains are usually connected to local water bodies and the water is not treated.
- If you have hazardous products in your home or workplace, make sure you store or dispose of them properly. Read the label for guidance.
- Use natural or less toxic alternatives when possible.
- Recycle used motor oil.
- Contact your municipality, county or facility management office for the locations of hazardous-waste disposal facilities.

Keep Pollution Out of Storm Drains

- Municipalities and many other public agencies are required to mark certain storm drain inlets with messages reminding people that storm drains are connected to local waterbodies.
- Do not let sewage or other wastes flow into a stormwater system.

Clean Up After Your Pet

- Many municipalities and public agencies must enact and enforce local pet-waste rules.
- An example is requiring pet owners or their keepers to pick up and properly dispose of pet waste dropped on public or other people's property.
- Make sure you know your town's or agency's requirements and comply with them. It's the law. And remember to:
 - Use newspaper, bags or pooper-scoopers to pick up waste.
 - Dispose of the wrapped pet waste in the trash or unwrapped in a toilet.
 - Never discard pet waste in a storm drain.

Don't Litter

- Place litter in trash receptacles.
- Recycle. Recycle. Recycle.
- Participate in community cleanups.

Dispose of Yard Waste Properly

- Keep leaves and grass out of storm drains.
- If your municipality or agency has yard waste collection rules, follow them.
- Use leaves and grass clippings as a resource for compost.
- Use a mulching mower that recycles grass clippings into the lawn.

Don't Feed Wildlife

- Do not feed wildlife, such as ducks and geese, in public areas.
- Many municipalities and other public agencies must enact and enforce a rule that prohibits wildlife feeding in these areas.

Contact Information

For more information on stormwater related topics, visit www.njstormwater.org or www.nonpointsource.org.
